EXAMINER'S AMENDMENT/COMMENT/REASONS FOR ALLOWANCE

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Hahn, esq., on June 7, 2004.

The application has been amended as follows:

Cancel claim 31.

Allowable Claims

2. Claims 1-11, 29 and 31 are allowed over the prior art of record.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance: Claims 1-11, 29, and 30 are allowed mainly due to an amendment to claims that emphasizes the method of making the claimed process, and showing in the instant specification on page 16, Table 1 that T-die cast method of forming the film effects the properties of the film and unexpectedly produces the film with significantly increased anisotropy in the longitudinal or transverse direction, which is unobvious physico-mechanical property for

resin compositions containing an ethylene/methacrylic acid/methacrylic acid ester terpolymer. That the presently claimed film obtained by the presently claimed method withstands a particular stress range in a machine direction as opposed to a longitudinal or transverse direction, which is a physical manifestation of the particular molecular arrangement of the presently claimed film, affected by the method of its making.

No other prior art that anticipates or suggests fairly the instant claims has been located as of the date of this Office Action. Therefore, claims 1-11, 29, and 30 are allowed over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tatyana Zalukaeva whose telephone number is (571) 272-1115. The examiner can normally be reached on 9:00 - 5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Wu can be reached on (571) 272-1114. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
